Response to Amendment

Claims

1. The amendment to the claims filed on July 24, 2006 does not comply with the requirements of 37 CFR 1.121(c) because:

(1) The status of all claims 35-38 and 46-85 is not properly indicated. Claims 35-38, 46 and 78 should be "Currently amended". Claims 47-73, 77 and 79-84 should be "Previously presented";

(2) Claims 74-76 and 85 should be "Withdrawn" to correspond to the agreement with applicant on Dec. 19, 2005, (see Interview Summary mailed Jan. 5, 2006 and also see the first paragraph of page 2 of the Office action mailed Feb. 15, 2006); and

(3) The amendment to claims 35-38 and 46 do not comply with 37 CFR 1.121(c)(2).

Amendments to the claims filed on or after July 30, 2003 must comply with 37 CFR 1.121(c) which states:

(c) *Claims*. Amendments to a claim must be made by rewriting the entire claim with all changes (*e.g.*, additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application. The claim listing, including the text of the claims, in the amendment document will serve to replace all prior versions of the claims, in the application. In the claim listing, the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered).

(1) *Claim listing*. All of the claims presented in a claim listing shall be presented in ascending numerical order. Consecutive claims having the same status of "canceled" or "not entered" may be aggregated into one statement (*e.g.*, Claims 1-5 (canceled)). The claim listing shall commence on a separate sheet of the amendment document and the sheet(s) that contain the text of any part of the claims shall not contain any other part of the amendment.

(2) *When claim text with markings is required*. All claims being currently amended in an amendment paper shall be presented in the claim listing, indicate a status of "currently amended," and be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter

Art Unit: 2873

must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived. Only claims having the status of "currently amended," or "withdrawn" if also being amended, shall include markings. If a withdrawn claim is currently amended, its status in the claim listing may be identified as "withdrawn—currently amended."

(3) *When claim text in clean version is required.* The text of all pending claims not being currently amended shall be presented in the claim listing in clean version, *i.e.*, without any markings in the presentation of text. The presentation of a clean version of any claim having the status of "original," "withdrawn" or "previously presented" will constitute an assertion that it has not been changed relative to the immediate prior version, except to omit markings that may have been present in the immediate prior version of the claims of the status of "withdrawn" or "previously presented." Any claim added by amendment must be indicated with the status of "new" and presented in clean version, *i.e.*, without any underlining.

(4) *When claim text shall not be presented; canceling a claim.*

(i) No claim text shall be presented for any claim in the claim listing with the status of "canceled" or "not entered."

(ii) Cancellation of a claim shall be effected by an instruction to cancel a particular claim number. Identifying the status of a claim in the claim listing as "canceled" will constitute an instruction to cancel the claim.

(5) *Reinstatement of previously canceled claim.* A claim which was previously canceled may be reinstated only by adding the claim as a "new" claim with a new claim number.

Specification

2. In further review of the preliminary amendment filed Sept. 10, 2004, the amendment to pages 3-36 of the original specification does not comply with 37 CFR 1.121(b). The preliminary amendment does not provide instructions to delete one or more paragraphs of the specification, replace one or more paragraphs or add one or more paragraphs in accordance to 37 CFR 1.121(b).

As a result of the number and nature of amendments to pages 3-36 of the original specification, it is advised that the applicant file a substitute specification in accordance with 37 CFR 1.125.

Art Unit: 2873

Drawings

3. In further review of the amendment to drawings filed Sept 10, 2004, these amended drawings, including 13 pages, should be labeled "Replacement Sheet" in the top margin of each page as set forth 37 CFR 1.121(d).

Since the reply filed on Jul. 24, 2006 appears to be *bona fide*, applicant is given a TIME PERIOD of **ONE (1) MONTH** or **THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance with 37 CFR 1.121 in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
